## LAP (Local Action Project) Committee Report

The LAP team worked very hard over the summer to further assess meeting the needs of our members. We also took a close look at STA involvement in the community. We are very proud of our members, not only for all that you do for students every day in your classroom, but also your involvement in so many valuable community activities. Thanks to all of those who participated in the Breast Cancer Walk and the Veteran's Day dash. Your time, dedication, and support are most greatly appreciated!

I would also like to thank all of those who volunteered to continue the role of Building Member Coordinator (BMC). I really appreciate your time in gathering important membership data.

We are looking forward to having another Family Movie Day in January as well as sponsoring a new activity in February entitled, "Valentines for Vets". Stay tuned for upcoming dates and information on both of these events. Also, be on the lookout for a quick member interest survey. Your feedback is very valuable in making our STA the best that it can be!

If you have any suggestions for future STA events, please feel free to email me at [orlajoan@shenet.org](mailto:orlajoan@shenet.org).

Happy Thanksgiving everyone.

Jody Orlando

LAP Coordinator
